FATHER TO THE FATHERLESS INTL

A ministry to the street children, orphans and widows of Uganda

F2F QUARTERLY NEWSLETTER

Mukama yebazibwe!

Praise the Lord! God is continually blessing the ministry of Father to the Fatherless in the country of Uganda. We are indebted to the faithfulness of our sponsors, board members, and staff members all over the world for making this vision possible. Thank you!

You might remember the amazing news in our summer newsletter where we purchased land in a beautiful place called Namuganga Village, Uganda. Since then, we have been fencing off the land, securing the land title in the name of F2F, and becoming a registered Limited Company by Guarantee with No Share Capital (aka not-for-profit organization). God has been so good to us! We have been so grateful for our Ugandan board members for working so diligently on our behalf in Uganda!

After the completion of the survey of the land, there are 83 acres belonging to F2F (instead of the original 100 acres). The former land owner was gracious and honest to change the asking price to a lower number, to not include those 17 missing acres. Praise God for this man's integrity!

A BRICK WALL

Also in Uganda, we have been looking for potential building materials to prepare for construction. We have found some manual brick-making machines that offer a double compaction to blocks, while still giving the opportunity of holes for rebar.

Ugandan manual brick machine

These blocks are a sturdy contrast to regular village bricks, and comparable to cement blocks when it comes to strength... for a fraction of the cost. Each machine goes for \$835 and can produce about 200 bricks a day (pending on the operator). We are considering buying 5 of these machines to help with construction of the orphanage buildings, guesthouse, primary school, clinic, and whatever else we need! Plus, they can be used as a potential business with the vocational school-- making bricks and offering them for sale to help fund the projects and kids' education.

"You, Lord, are my God! I will praise You for doing the wonderful things you had planned and promised since ancient times."

~Isaiah 25:1

Keep tuned to the events/calendar page for upcoming fundraisers in your area.

Since we do not yet have buildings in Uganda, we are helping needy families with school fees for their kids. If you are interested in sponsoring a child, please let us know! Go to our webpage "Get Involved" and "Child Sponsorship" for more information!

Our new Sponsor Program Administrator, Anne Dean, was able to take a trip back to Uganda for Father to the Fatherless to help settle things on the land and check on kids needing help with school fees. She had a great trip and was able to bless even her own sponsored child, Daniel, whom she has been supporting for many years already. Anne works closely with our program manager, Mr. Buks, in Uganda to make sure all our sponsored kids are being taken care of and given the loving support they need from their international sponsors.

SPONSORSHIP FOCUS!

George Ogiki
11 years old

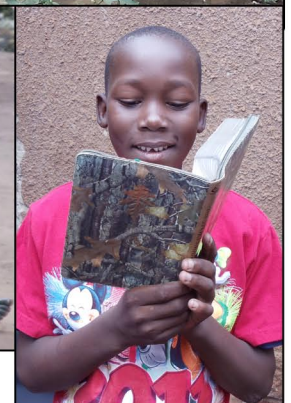

Meet George. His father was killed in 2004 during the Kony insurgency. His mother abandoned him. He now lives with his grandmother in Kampala. George loves playing soccer and hopes to one day become a pilot.

Please help children like George achieve their dreams by becoming a child sponsor. All it takes is \$35 a month!

Please pray about it!
